What's New In?

Animal Crossing: New Leaf is the first installment in a new series of games from Nintendo. Like its predecessors, New Leaf features all the action and characters that you've come to love from the series. As in all Animal Crossing games, you play as a character named Tom Nook, who's set on building a new town on the island of New Horizons. You'll have to draw it out on a map for a variety of reasons, like creating a walking trail to help get in and out of town and encourage the local villagers to live nearby. The game will also have a single-player mode, an online mode, and an option to change your clothes in the game. The thing that's interesting here is that you can change your avatar's gender to make life easier if you identify as a member of the opposite sex. As a new installment in the series, this game has so much to offer. From the satisfying, feel-good gameplay, to the charming characters and the beautiful world, Animal Crossing: New Leaf looks to be a wonderful new experience for Animal Crossing fans. Compatible with: iPhone 4S or later, iPad 2 or later Other phones, tablets and iPod touch 5th generation or later Our iPhone/iPad/iPod Games app offers you more than 8,000+ top games.
